**Seasonal nature tables are an invaluable way of making children aware of the changing cycle of the year. With simple materials a series of colourful and effective tableaux can be made at home or in school.**

Cristina Cevalés-Labonde explains in detail the design possibilities of setting up a seasonal nature table, suitable natural materials, the different moods, colours and backgrounds. Whether at home, in the kindergarten or at school: children love such a place where they can marvel at natural treasures, flower children, seasonal figures and much more. The book offers a wealth of craft and decoration suggestions for the whole year.

**Cristina Cevalés-Labonde** was born in Italy in 1956 and grew up in Venice. She has been working as a teacher in a Waldorf kindergarten for many years and lives near Lake Constance. For many years she has been giving numerous handicraft courses and leading various working groups.
